

SONS' AND DAUGHTERS' MONTH

OCTOBER 2015

To Celebrate all of the hard work you do as a family who foster, AFA would like you to help us out in two ways:

As a Christmas present for all our foster carers, we are going to be making a 2016 Calendar for them. Please can you help?

We would like you to send us either drawings, photos (but not of people) or other illustrations (such as computer graphic images) for us to chose 12 to be put into our 2016 calendar.

You can either send these to our central office (the address is on the letter attached) or you can email them to us at:

info@afafostering.com.

All entries will be put on our website during October.

We would like to hear from you about fostering. You can either write something about fostering in general, or write about your experiences of fostering. Please do not give peoples' names though as we need to keep other's privacy. Again either send or email these to us please. We will be putting these on our website during October.

Please could we have all entries to both by 20th October

Thanks a lot from AFA.
